### Applications

Top stapling, transport packaging

### Features & Benefits

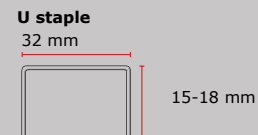

- Aluminium rear cap offer more durability and prevent leakage
- Toolless penetration adjustment
- Staple clinch adjustment for tight and loose clinch
- Magnesium bases benefit more durable and light weight
- Hard-wearing steel magazine
- User friendly hanger
- High capacity and quick load magazine

The SENCO carton closer range is designed for the two most used packaging staples known in the current packaging market. The tools have a tool less penetration adjustment which in combination with the magnesium bases and light weight bodies help provide a great user experience.
